WELCOME MESSAGE

Dear friends and colleagues,

歡迎來到香港!
Welcome to Hong Kong!
Fáilte roimh a Hong Kong!

On behalf of the organizing committee, it is our pleasure to welcome you to Hong Kong where the International Scientific Meeting in Anaesthesiology will be held from 22 - 23 November 2014.

Year 2014 is a special year for the anaesthetic community in Hong Kong as it is the 25th Anniversary of the Hong Kong College of Anaesthesiologists (HKCA) and the 60th Anniversary of the Society of Anaesthetists of Hong Kong (SAHK). This year we will also incorporate the 4th Cross Straits Four Regions Anaesthesia Quality Meeting, which is organized annually by anaesthetists in China, Taiwan, Hong Kong and Macau, into the program.

This is the first tripartite meeting of the three Colleges. Besides our local faculty, we have Professor Robert Sneyd, Council Member of the Royal College of Anaesthetists (RoCA), and Dr Ellen O'Sullivan, President of the College of Anaesthetists of Ireland (CAI), as scientific convenors. We also have many distinguished speakers.

This year, our theme is "超越界限, Beyond Horizons, Thar Leaslinte".

Traditionally, anaesthesia was confined to intraoperative care. However, nowadays, our work has expanded to areas outside the operating room to, for example, critical care and pain management. More recently, perioperative medicine, anaesthesia patient safety and risk stratification are developing areas and we need to be prepared and equipped to deal with them. In this meeting we have a very interesting scientific program that explores different areas related to anaesthesia. We hope you can get beyond your horizons and acquire some skills and knowledge to enhance your clinical practice. Besides exchanging knowledge and experiences, we hope this meeting can also provide a platform for promoting social network and friendship between the Colleges.

Once again, welcome to Hong Kong and enjoy our hospitality. We hope you will have an enjoyable, educational and entertaining time in this wonderful city.

Sincerely,

Dr J-P van Besouw, President of RoCA

Dr Ellen O'Sullivan, President of CAI

Dr YF Chow, President of HKCA
